GRIFFIN ARCHERS

Issue 11 | September 2021

Club Nights are Fridays, 7pm - 9:30pm

Help set-up from 6:40pm

Autumn 2021

Hello everyone! I'm so delighted we've managed to move our sessions indoors for winter and to welcome so many aspiring new archers and new members.

WELCOME TO OUR GRIFFIN ARCHERS FAMILY!

We're still optimistic that more of our original members (pre-covid) will make a comeback to archery and the club soon.

We're keeping the booking system in place currently. AGB have recommended we do this throughout the indoor season. This is due to the lack of information about potential measures from the Government.

We still have the ability to stay open through any potential social distancing rules so fingers crossed that's all we need. We also respect any member's wishes to maintain forms of social distance or facial covering, just let myself or Di know and we'll ensure that all members comply with your personal choice.

Di is hoping that we can have some fun shoots and a Christmas get together (even a club meal out!) but we'll make sure we know what the regulations are. Just keep an eye on the notice board for information.

Finally, I just wanted to remind all our members that myself and Robyn are always happy to facetime or phone chat about any aspects of coaching, either continuing from the club session, or an aspect of your shooting that isn't quite doing what you expect, or things you tried that didn't work out etc. Just drop us a text and we can arrange a time that suits. Let's keep shooting!

John, Griffin Archers Chairman

New!

**Sunday sessions on every week
from 3rd October!**

Available for all members!

Two time slots available:

First session: 3pm - 4:30pm

Second session: 4:30pm - 6pm

**Book your
sessions online!**

**Book on the website as usual.
If you have any issues contact John or**

Di in session or email:

jhsearle67@gmail.com

**It is possible to book consecutive
sessions if you'd like!**

NOTICE FOR ALL GRIFFIN ARCHERS MEMBERS

Welcome to all our newer members and welcome back to an almost "normal" Archery club, those who were just waiting for COVID to work itself out!

We're in a position where most members need some advice, guidance and/or supervision. Just to get their basic techniques and sight marks back, and get those muscles remembering positions.

Our coaches are all happy to help with this.

Our introduction of Sunday sessions should give everyone an opportunity to book more than one session per week. So, as long as you have all your memberships paid up and your monthly target fees in place, just book online. We will NOT have taster sessions running on Sundays.

Also, our 8pm sessions on Fridays are always quieter. So, do consider the later session option, if you want a more concentrated shoot.

Have you paid affiliations?

Di will be chasing people for affiliations. Remember, you can't legally shoot at Griffin Archers without making these payments. Emails are on their way but, if in doubt, ask Di for details.

Affiliations are mandatory.

Other Special Events

A note from Di:

The Committee have managed to keep me from trying to book Christmas meals and sessions until we're more aware of potential Government Guidance. AGB remain guarded about what we should and shouldn't commit to.

But... I'm hoping to have a final session with drinks, Secret Santa and raffle etc.

Also, maybe a club Christmas or January meal out.

Watch our notices with further details.

Love, Di

x

Halloween: 31st October 2021

Halloween just so happens to be on a Sunday this year! We have a session booked, so come along!

Expect the unexpected and enjoy a

SPOOKTACULAR shooting session!

You can now hire equipment!

If you have been advised by Coaches to remain using club equipment while your "archery muscles" develop, there is an option to hire a loan bow from us.

Talk to John or Di for information.
