

Griffin Archers

Meet the Coaching Team

"Feather of flight, courage of heart"

Robyn – Our Coaching Officer.

Don't let her age fool you. She has over 20 years Archery experience and more than 10 years as a qualified coach. She knows what she's doing and has sorted out a lot of our current and previous members on Beginners courses, with equipment issues.

She leads and trains our team and is an active Joint Vice-Chair of the club too!

John – Our Fossil and Level 2 Senior Coach

As Chair and Founder of the club, John is happy to let the other coaches do the hands-on work. That doesn't mean you won't see him on his knees teaching a junior or coaching a club member before a competition. In fact, he is also great at equipment advice.

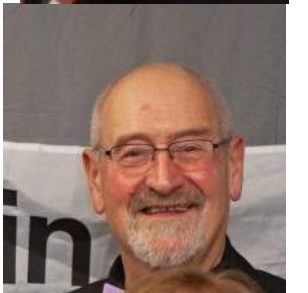

Pete – Deputy Coaching Officer and Compound Archer

Pete has now taken on the role as Robyn's deputy. He is getting involved in planning and running coaching sessions. Currently studying with Archery GB for his coaching qualification. But has fully qualified "in-house". Pete is our Tournaments Officer and busy getting members involved in his own Precision Workshop.

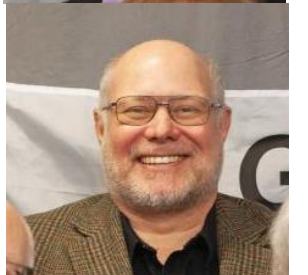

Trev (Trevor)

Trev was an existing and experienced archer, plus a qualified instructor before he joined Griffin. He is excellent at making tasters and beginners feel welcome and comfortable with archery. Trev is always generous with his advice, even when he is on the line shooting. Trev has written a String Shadow workshop that all members will be invited to take part!

Alan

He may be young to Archery, but has coached sports before. He keeps most of us entertained with his jokes and banter. People immediately feel at ease around him and his archery knowledge is always growing. Ever practical, he is the Club's Equipment Officer and gets hands-on with practical skills.

Carl

Joining us from another club, Carl came in as an existing archer. His experience in education makes him ideal for an Archery Coach, and his Special Educational Needs experience helps the coaching team manage around reasonable adjustments for those who need them. Carl is also on the committee.
